PROFESSIONAL PROFILE

Physician-founder combining clinical practice, claims review and health-system engineering. I translate emergency, critical-care and revenue-cycle needs into verifiable, provider-centred tools, with a focus on interoperability, healthcare identity and practical improvement.

PROFESSIONAL EXPERIENCE

Founder & Chief Executive Officer

2019 — Present

BrainSAIT Ltd · Riyadh

- Build AI-native healthcare infrastructure spanning provider identity, interoperability, clinical intelligence and revenue-cycle tools.
- Develop FHIR R4 / HL7 interoperability and bilingual claims workflows; NPHIES integration is ongoing.
- Published brainsait-pyheart and brainsait-pybrain as open-source Python packages.

Corporate Physician — RCM & Claims Review

Oct 2024 — Present

Al Hayat National Hospital · Saudi Arabia · 6 branches

- Review rejection output across six branches, contracted payers and Ministry of Health claims.
- Analyse denial patterns and communicate corrective findings across clinical, billing and IT teams.
- Prepare and oversee corrected-claim resubmission, strengthening the review-to-resubmission cycle.

Critical Care & ICU Physician

Apr 2021 — Sep 2024

Anfas Medical Care Hospital · Riyadh

- Managed complex, critically ill patients using evidence-based protocols in high-acuity care.

Neurosurgery Physician

May 2018 — Jan 2021

Aster Sanad Hospital · Riyadh

- Contributed to multidisciplinary neurosurgical care, complex procedures and coordinated clinical handovers.

Emergency Medicine Physician

Jun 2016 — Jun 2018

Rafa Medical Center · Riyadh

- Delivered rapid assessment and acute care across high-pressure emergency presentations.

BPR provider ID · signed credential

SA-PHY-000003
